Howdy all,

Freedom is doing well. Our average attendance is 25. We have had the privilege of celebrating some clean time anniversaries and are seeing some newcomers return. The meeting site is friendly and has good parking. We are out of paper meeting schedules. Our bills are current. We continue to keep the traditions and message of narcotics anonymous foremost in our meetings and way of handling business. Coffee and treats are out by 630 to allow for before the meeting fellowship.

We discussed having policy regarding people being convicted of a felony. Our group believes that matter is not our business and no addict should be under any type of surveillance at any time by us. We also mentioned if a felony occurred that the legal system would handle it.

We have no opposition to increasing the area bank balances if necessary. We do want the flow to world services and regional services to continue though. We are open to reasonable compromise. We understand that some flexibility in donating may need to occur for a short period.

We do have a donation. Jeff will make it.

Grateful tone able to serve,
Laura 2102734901
