H&I Report for ASC 9-20-20 at Home and Zoom in Texas at by Dickie B.

Hello everyone, hope everyone is doing well considering the situation. Not much to report here being hunkering down. Things for H&I pretty much a standstill, however I have heard from a couple of the facilities as they are trying to come back. Christen R. shared that she had spoke to someone at Austin Recovery in regards to looking into getting Zoom in the facility. They are looking into it and will let us know soon. It will probably be for the womens side with families. More will be revealed. Also I spoke with Brian the coordinator at Wellness Ranch and they are open to having a zoom H&I panel on a Sunday night from 6:00 or 7:00 pm or Monday from 6:00 to 7:00pm once a month for now and maybe more to come. Great work Christen and Brian. I have made a few calls to Right Step but have not heard back from them. Not sure what is going on there. Also I still have literature, maybe will looking into donation to the facilities that are running. We are working on putting the zoom together now. Lets pray for return to health soon.

Thanks for letting me be of service

Dickie B. H&I CHAIR
