

Greetings all. Activities will meet around on on zoom. Some really great ideas have been suggested to me and will be presented during the subcommittee meeting. More will be revealed. In the mean time, I have repeatedly called Gary at the sunset lanes bowling alley in San Marcos and seem to miss him each time. He does not return calls. I will try again next week. We will discuss this in subcommittee also. I will have a more complete report to give during the asc. I will be in California until April 2nd when this round of my bro's cancer treatments are over. I would welcome patience, thoughts, prayers, and some positive texts      grateful to be able to serve, Laura
